WARRANTY

The manufacturer warrants patient's hearing aid(s) to be free from defects in workmanship and materials for a period of 4 year(s) from date of delivery and agrees to make all necessary repairs without charge to patient during the warranty period. The manufacturer provides a one-time loss and damage replacement during the warranty period at a cost of $275 per hearing aid.

100% SATISFACTION GUARANTEED

Patient has a right to cancel this agreement for any reason within 60 days. Patient is entitled to receive a full refund of any payment made for the hearing aid within 30 days of returning the hearing aid to Distil Hearing in normal working condition. Distil Hearing may refuse to provide a refund for a hearing aid that has been lost or damaged beyond repair while in the patient's possession.

PATIENT RESPONSIBILITY

Patient is responsible to carefully follow all rehabilitation instructions and communicate with the provider on the progress with adjustments. During this time Distil Hearing may make any needed adjustments on the hearing aid(s) for the benefit of the patient's listening and hearing comfort. Patient should realize that adjusting to hearing aids is not an overnight experience and may take time. Patient also agrees to allow themselves time to adjust and allows Distil Hearing to assist them in their hearing rehabilitation. If Distil Hearing believes that, during the rehabilitation period, a different choice of circuitry, model, or choice of hearing aid(s) is better suited to the patient's needs, no extra cost will be incurred by the patient unless an upgrade of quality, model, or style is chosen. Suggested rehabilitation time is a minimum of 30 days. Additional time may be granted subject to approval by Distil Hearing.
